Are you interested in Helping Improve the Recreation of Cape St. George?

The town council is looking for volunteers to serve on its recreation committee. The committee is responsible for planning recreation activities for the town on an ongoing basis. Generally it involves meeting monthly, preparing proposals for recreation programs like ball tournaments, floor hockey, and once the recreation complex is completed, activities at the swimming pool.

If you are interested please call the office at 644-2290.

Recreation coordinator

The town of Cape St. George is looking to hire a recreation coordinator whose duties would include a wide range of activities. The coordinator will be responsible for managing the recreation complex, the summer recreation program, monitor the water systems and other related duties. This summer the town is offering a program at the Baie du Cap Park that will include the bread oven operation and entertainment at the chalet from time to time.

This is a permanent job that will require extensive training that will be offered by the town.

Call 644-2290 for more information and submit your resume at the town office by April 17th.

Benoit First Nation
Penwa' Mawi-Amokwesewey U'mu'kati

Summer Children's Activity Camp starts June 29th

What: Benoit First Nation invites children from ages 5-12 to join up for summer activities.

When: Monday, Wednesday and Thursday, 10:00 am - 3:00 pm

Where: The children activity camp will be located in Benoit First Nation Adult Camp Center at 811 (Charlottetown Drive in Digby) with meetings at the 815 King George Park in the Cove (opposite to Heritage Rooms).

For more information or if you have any questions regarding the website program, please contact the head office at 309-866-1380 (ask for the student coordinator)

Have you heard about Vinland?

This questionnaire is being distributed by the German actor Rona Hengsch in the context of her new project. Rona has been working in and about Newfoundland before. Her interest in the topic is based on its historical and geographical particularity as well as on current events. In view of events and developments in and around Newfoundland, she is capturing historical aspects and phenomena that still bear an extraordinary mark.

If you have heard about Vinland and agree to support Rona's work by answering the questions below in an email you will be high valued about her current project. The Vinland phenomenon is the further course of its realization. Rona will be in Newfoundland from June 10th August 2019 but you can still get in touch with her after that period as well.

Please note that parts of your answers and questions from this questionnaire may be quoted by the press in a video or photo work or in other media.

- What do you know about Vinland?
- What do you associate with 1717 Give characteristics of Vinland.
- Can you depict Vinland - in words or through a drawing?
- Would you want to live in Vinland?
- Is there anything else about Vinland you want to share?

Please send your answers and/or images by email to: rona.hengsch@germany.de

The project is kindly supported by the German Foundation for Canadian Studies and the Young Researchers & Cultural Studies Center and Residency.
